The Community Meeting

On the evening of July 20th, after a band concert, a community meeting was held at the Baptist Church. Mr. Hawn, Professor of Agriculture, and Mr. Tom Moore, both of Ozark, made very good talks.

Mr. Moore's talk was mostly about organizing community clubs. He said that a community club's main function was ironing out differences. He also emphasized that good attendance was a very important help to a good club.

After the speaking lemonade was served.

The Opening of School

School began July 19th with Mr. J. M. Doughty as superintendent; Miss Eula Riley as principal of High School; Mr. Stanford Kissock as principal of the grades; and Misses Jessie Derrick, Eula Shelton, Florence Casey and Mrs. Jewell Bilyeu as assistant teachers of the grades.

All of the teachers, except Miss Casey and Miss Shelton, have taught here before and liked Chadwick so well that they have come back again.

Shade Trees for Our School Yard

Yes, plenty of shade trees is one of the most useful and attractive features on the school grounds. All children like to play in the breezes of big shade trees. Health experts say shade on the school ground is one of the most necessary things for the child's health.

If we plant trees this spring we may not be benefited by them, but the next generation will be. Besides it will show others that we have made a start to beautify our school ground.

Sunday Program

We plan to have an occasional Sunday program at the Community Hall. The first of these will be given by the Gideons organization, of Springfield.

W. G. SWINNEY

The principal feature of this program will be a description of a trip to the Holy Land by Mr. W. G. Swinney. The Gideons will appreciate a good attendance at this meeting. Watch for date.

County Teacher's Meeting

The teachers of the Chadwick Consolidation expect to be one hundred per cent in attendance at the County Teacher's Meeting.

The Chadwick School Board was very fortunate in employing their grade teachers as they are all very efficient and devoted to their work and all of them are of a good moral character.

Please trade with those who advertise with us.

The Community

Many of the blessings that we enjoy today are the result of community life. The road, the store, the post office, the public garage, the bank, the church, the Sunday School, the school—all exist because of the community.

If the community brings so many blessings to the individual, then the individual should try to understand the problems and the work of the community and do what he or she can to make the community a good place in which to live.

The school, in some way, concerns practically everyone in the community. The principal purpose of this little paper, The Chadwick School and Community, is to inform the people of the district of the work of the school. However, we expect to give important community items along with the school news. We want to make the paper a blessing in every way.

While we should depend on the advertising to finance our publications, we hope that this advertising shall prove a bonanza to those who buy and those who sell.

In conclusion we wish to state to the readers that you have our good will and we hope for your support and co-operation.

Distances We Come

We have in our high school twenty pupils, covering the distance of seventy four miles daily.

Herbert Alexander covers sixteen miles daily on horseback; Weir Holt covers eight miles daily on horseback; Ashley Koenig covers eight miles also, but walks them. Mina Beyers walks seven miles each day. Some more of the long distance walkers are Opal Hobbs, Mae Vanscyoc, Hazel Freeborn, Hazel Raines, Irma Raines, Lois Lowe and Frona Gilbert. The rest of the pupils walk but the distances aren't far.

The Chadwick School and Community

Chadwick, Missouri.

Published by the Chadwick High
School each month.

Lois Lowe - - - - Editor.
Opal Hobbs - Associate Editor.
Weir Holt - Business Manager.
Ashley Koenig - Assistant Manager.

Copies will be mailed for 5c each.

We are very sorry that Marrior Loomis cannot come to school this year, but in taking care of her mother she is doing the noblest work that a girl could do.

Talk about school spirit—we have it.

If you think we don't have order, just come in and see. We appreciate having visitors, anyway.

Frona Gilbert, of Oldfield, started to school here Monday. We are expecting some more new scholars soon.

Miss Florence Harrell, of Springfield, spent two days, July 22-23, with us, substituting for Miss Riley. Miss Riley was absent on Aug 3, attending Southwest Teachers College Commencement, where she received her degree of B. S. in Education.

The Chadwick Band was employed to play for the Taneyville picnic July 30th and 31st. They received forty dollars. The band has helped our community very much and we are proud of it. Let's every one boost the Chadwick Band.

The girls organized a Girl Scout Troop, with Miss Riley as leader. The purpose of the Girl Scout work is to help the girls to be good citizens in the home, school, church and community and to gain an all around development. Hobbies will be encouraged, whether in domestic science, in nature study, or in other fields.

Friday Afternoon Program

We, the members of the High School Club, are going to give a literary program in the community Hall, August 20th. Miss Lois Lowe, our president, appointed a committee to take charge of the program.

The members of the committee are as follows: Opal Hobbs, Mae Vanscyoc, Hazel Raines, Weir Holt and Herbert Alexander.

The committee will do all in its power to put on an interesting program. We are planning to give a program at least twice each month.

Everybody is welcome to come and see what we shall have. We shall be glad to see a large crowd at our program, for it will help to make our High School Club a success.

Boy Scouts

The boys of Chadwick High School have been interested in scouting. On August 4th our teacher, Mr J. M. Doughty, gave a talk on the work of the Boy Scouts. As the result of his talk, a troop was organized with Mr. Doughty as Scoutmaster; Orlin Mapes as patrol-leader, and Weir Holt, as scribe.

We expect to give a program to the public some time this fall. We shall meet on each Wednesday. We are also planning on taking a hike occasionally.

The Chadwick High School students organized a high school club, August 3, 1926. The purpose was to co-operate with the school board and teachers in making the school more interesting.

The following officers were elected:

Miss Lois Lowe, President;
Mr. Herbert Alexander, Vice-President;
Miss Opal Hobbs, Secretary;
Mr. Olin Mapes, Treasurer;
Miss Ada Brown, Pianist;
Miss Mae Vanscyoc, Song Leader

Mr. Doughty has made arrangements for every pupil to have something to play with. He purchased two new croquet sets for the high school and marbles and jumping ropes for the primary pupils.

Announcements

W. C. T. U. meets every first and third Saturday at 2 p. m.

The Missionary Baptist Church—
Sunday School at 10 a. m.
Church service, 2nd Sunday at 11 a. m.

Honor Roll

The Schools of Consolidated District No. 1, of Christian County, all opened July 19th. The enrollment for the first month is as follows:

High School, 21;
Chadwick Grades, 79;
Walnut Grove, 14;
Glendale, 9;
Barber, 29;

Barber and Glendale have the best enrollment for the number enumerated.

The high school and upper grades of Chadwick had the best attendance in proportion to the enrollment. This is as it should be as the older pupils are stronger and have a better opportunity to attend regularly. Many of the little folks have been real heroes and heroines and have endured the hot weather over long dusty roads. We wish to thank these little folks for their regular attendance. We feel very grateful to the many parents, who have given their co-operation for we know that in many cases parents have had to make a real sacrifice to send their children to school every day. There is a strong public sentiment for a good attendance and this sentiment should increase until each healthy child is in school regularly.

The following pupils have not missed a day during the past month and, with one exception, have not been tardy.

Faye Anderson,
Harold Anderson,
Joy Anderson,
La June Anderson,
Ray Anderson,
Velva Baker,
Jewell Ball,
Buster Boles,

Mildred Newberry.

Why I Like to Play Croquet

Croquet is a very interesting game and easily played. It helps to develop quickness of mind and action.

In playing croquet one must observe the rules and play fair, keep his eyes open and be ready to play when his time comes or he will lose his turn. It is good exercise and wholesome recreation. Both of these are necessary for good health.

Health & Happiness

Chadwick Grapes

One of the inspiring sights around Chadwick is the vineyards. Most of the grape growers have their vines on straight attractive trellises and the soil has been well cultivated. The vines have received good care throughout their lives so that they are loaded with grapes.

The grape harvest will commence next week. Thursday, August 26th will be grape day at the Chadwick school, when the local grape growers will give each pupil a bunch of luscious grapes. The pupils will be encouraged to write an essay on the food value of the grape. Two baskets of grapes will be given as prizes for the best essays. One basket goes to the high school and one basket to the grades.

The School Board

There is perhaps no organization that does as much for their respective communities and receives as little credit as the School Boards throughout the country.

The good people, in general should appreciate more the work of their school board. For several years Chadwick has had a good school board. We feel that we are very fortunate in having an exceptionally good one at present.

The members of the present board are: J. W. Rozell, president; J. E. Holt, Newton Mapes, T. L. Van Scoyoc, Henry Koenig, Rex Harris, W. F. Love, clerk.

Chadwick Community Club

The Chadwick Community Club recently got out some attractive stationery.

The club meets twice a month and discusses the general welfare of the community. The officers are: C. C. Sergeant, president; C. C. Schupbach, vice-president; and Rex Harris secretary-treasurer.

We are certainly grateful to the Springfield Creamery and the business men of Ozark and Chadwick for taking out advertising space in our first issue.

Happiness

The very first spoken word of Jesus when He began to speak to His disciples was the word "happy" or "blessed." They mean the same. No teacher in all the world had ever announced such a secret before Jesus. The need of happiness and mankind's right to it is recognized by Jesus at the very beginning of His ministry. He was not a monk, nor an ascetic, nor a recluse. He moved among the people and loved them. He knew the longing hunger of the multitudes for happiness and He told it how to get happiness—not by the getting of things, but by the inner life of the spirit, for every one of the Beatitudes is the unfolding of the way to joy and peace. Not one word is said about things. Every word said about ideals. That makes Jesus the Incomparable Speaker.—Christian Herald.

Strawberries

When it comes to strawberries, Chadwick is on the map with a thousand acres. The Chadwick berry growers are certainly devoted to their crop, as most of them do not let anything interfere with the cultivation of their strawberry plants.

The well worked patches will respond to the recent rains and grow millions of plants which will practically assure a good berry crop next year.

Chadwick has long been famous for fancy colored berries of exquisite flavor. The first prize on strawberries at the Louisiana Purchase Exhibition was won by Mr. C. C. Schupbach, a veteran Chadwick berry grower.

Tens of thousands of homes in the states to the north of us will be made happy next year by short cakes filled with delicious Chadwick strawberries.

Sunday School Teacher: "Why didn't the lions eat Daniel?"

Willie: "'Cause he was mostly grit and the rest was backbone."

Subscribe for the Christian County Republican, \$1.50 per year.

The Dignity of Labor

The first thing that Jesus emphasized as the greatest teacher of all time was the Value of Labor. He spent five-sixths of His whole life as a working man in a small carpenter shop in a small town. We can not account for this amazing fact without considering that Jesus, while getting ready for His public career, brooding over the greatness of His mission, must at the same time have wished to teach for all time the dignity and value of the work of the human hand. For it will always remain true that upon physical toil the world will always depend for its existence. The production of food, the care of fuel and the maintenance of transportation can not be possible with machinery or science. After we have done all that science can do for human welfare, it will always remain a fact that life will depend on labor. Jesus knew that, and emphasized it.—Christian Herald.

Chadwick W. C. T. U.

In some ways Chadwick is ahead of many towns several times its size.

One of these ways is that it has a real wide-awake W. C. T. U. organization. The local W. C. T. U. recently placed a copy of the Bible in each of the grade school rooms in the Consolidated District. The High School was already provided with a Bible. We thank the ladies for their consideration and we assure them that the Bibles are being used.

The High School graduate must have a knowledge of the Bible to have a well rounded education.
