Senior Class Prophecy

The years have come and gone until 1963 has dawned upon us. Chadwick has grown to a first class town with a population of 1150.

I had been away all these many years and found many changes and had a few surprises.

The operator of the Cafe, doing a million dollar business, was Marie Loomis.

To my surprise John Brown had gone west to become the president of the Boeing Aircraft, Inc.

Bill Shipman fooled half of the people. He's a college graduate and coach of the S. M. S. Bears.

Ivonne Shortt had qualified for school teaching. She teaches at Possum Trot.

Stanley Swayne made a horticulturist. He produces wheelbarrow seed.

Doris Dobbs is still courting Leon Harris. They tell me this has gone on for nine years.

I went into the "Spic and Span" Beauty Shop to get a temporary twist and found Mary Dobbs to be the operator.

To my surprise Lois Swearengen had married John Brown and become a stewardess on the American Airlines.

Richard Grove turned out to be a very industrious fellow. He digs sassafras roots for his mother to make tea.

I was needing a shipment of rail stretchers. The only place they could be found was at Darrell Anderson's saw mill.

The headlines in the Chadwick Daily report is that Gloria Holt was doing screen work in Hollywood.

Donna Caldron decided to be a housewife. While passing her home I saw six cotton tops.

It has been reported that Jerry Jones has been promoted to the Assistant Managership of the Bar-K-Ranch. He and Joan were married two years ago.

Bob Rains is in the construction business. He uses his Cub Tractor.

Leon Harris, "still and old bachelor," is assisting his father in the store.

Roy Coffey and Jessie Lily finally got married. They are living on Punkin Ridge north of Chadwick.
