

Sho-me 74

Kirk Walker
 Oldfield, Mo. 65720

Kirk, this top part of the book is for you. Tisk you are so dumb that I wish you were my brother because you act like one anyway. No really you are a sweet guy. The girl who gets you will really be lucky. You a cool guy. I love your side burns. I'll remember all our good times we had running around. Hope you had fun at Ozark. Hope you learn how to drive better than me. But if you want I can give you lessons on how to run into people. Well I said enough. So keep cool calm and don't be collected. Love ya alot
 Judy Melton

The last draftee. The military draft comes to an end as Congress adopts an all-volunteer armed service. (Below) Vice-president Spiro Agnew resigns amid charges of wrong-doing when he was governor of Maryland.

The Senate Watergate inquisition went on, two years after Republicans were charged with a break-in at Democrat election headquarters. (Below) Skylab astronauts spent a record 84 days in space gathering scientific data. To come is a space rendezvous with Russians.

Smog is a problem in congested coastal areas. Purer air is quest for cities everywhere.

Bicycles again are popular for fun and travel. Gas rationing seemed inevitable after Arab nations cut oil shipments to America for giving economic aid and political support to Israel.

Karen, you one of my best friends. Hope for ever and ever you remember all we have shared with each other. I'll cherish my memories. I can't imagine how it would have been if we had never none each other. I'll cherish my memories. It was fun to camp out, go to ozark, go to the lake, and just plan riding horses. Have fun the rest of your life. Keep cool, grab all you can, don't let anyone push you around. Never trust anyone. Good luck with guys, not that you'll need it. Marry someone rich then come live with me so we will all be rich. I love you like a sister and in a way you are my sister. Take care. Always. Judy Melton 'Dr. 75'

Karen,

I am glad you were
around yesterday in '74. I had
lots of problems that I
wouldn't have gotten by
without your shoulder to
cry on. Stay as sweet as
you are now. Good luck

The Sho-Me
1974

Chadwick R-1 Schools
Chadwick, Missouri

Dedication

We, the Show-Me Staff of 1974, wish to dedicate our year book to Mr. Jerry D. Harter. He has been a dedicated teacher, ready at all times to assist the students with anything they needed help with.

Mr. Harter has been the school handyman for the past four years, repairing and building anything that was needed. Also since his arrival the Industrial Arts Department has greatly increased in tools and equipment.

Above all these things Jerry Harter has been a good friend to us all, and we will miss him.

Good luck, wherever you go, Mr. Harter, and remember the good old days at Chadwick!

Thank You!

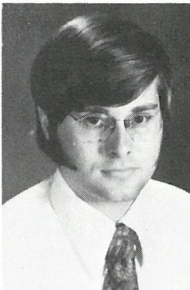

There are many people who deserve our thanks. Since we couldn't possibly thank them all, we chose the two most deserving.

Louella Rains, we thank you for working so hard for us in the office, and for putting up with all the trials and tribulations of being the school secretary.

Artie Ragsdale, we thank you for being so patient with us not only as our high school principal, but also as a good teacher. We thank you for all the time and materials you have used in the making of this years's book.

Keep up the good work!
