BACK TO SCHOOL
by Lori Applegate
and
Sheila Gardner

Well summer is almost over and another school year has begun. Students are gossiping about what they did over the summer and practicing for their favorite sport. Some are practicing volleyball, basketball, and cheerleading. Others are just wishing it was summer again! But we'll just have to get out those pencils, papers, and books and hope that we accomplish everything we want to this year.

We talked to some very enthusiastic people and asked them what they hoped to accomplish this year and Bradley Stevens and Missy Herd were in the right kind of spirit. Bradley said he hoped to average about 30 points a game, and Missy hopes to win all the volleyball games. Theresa Cummings, Julie Mitchell and Justin Stewart are just hoping to pass this year with good grades. Samantha Weter didn't have any certain thing she wanted to accomplish in school, but she does want to go coon hunting sometime.

While walking the halls of CHS we turned the corner and saw some very sad faces. We asked what was wrong and found out that a few people were missing summer. We asked Clint Case what he missed most about summer and he said he missed "all of his women". (Poor Clint!) Kathy Gideon, Amy Grove, Jennifer Stevens, Jeannie Tindle, Anita Maggard, and Sherry Herd all said they missed sleeping late and watching soaps. Laura Coffey said she missed having friends at the house when she wasn't suppose to. Stacy Vaught said she missed going out and not getting up until

she was ready to get up. Brad Rozell misses staying out late and getting up late. Boyce Smallwood, Molly Hurd, and Caroline Mitchell all miss going to parties. The only thing Mark Smith misses about summer is not coming to school and not doing homework.

We asked Brian Dickey what he didn't like most about school and he said "having to come."

I think we would all like school a little better if we thought the way Mrs. Horton does. She said what she likes about school the most is "Getting to see my students and friends on the faculty staff. Though I'm always ready for summer, I was ready to return".

So remember that you still have the weekends to do whatever you want to do and try to have a fun year here at school.

WELCOME BACK TO CHS!

KINDERGARTEN CLASS

By Carla Maggard

Many high school students do not look forward to coming back to school, but most of the kindergarten students have been looking forward to school for a long time.

The newspaper staff thought it would be nice to interview the kindergarten class to see what they liked about school. Some of the students like to come to school to color, those students include Ashley Gilbert, Christy Herd, Danielle Williams, Nancy DeWitt, Jerry Maggard, and Robert Guerin. Timothy Burkhart likes to write. Some of the students like to come to school and play on recess, those students include Jessi Adams, Tiffany Nalley, Amy Walker, Cody Guerin, and Le Anna Jones. Keith Williams said he likes to come to school to lead in the line. Tony Rains and Chuck Putman enjoy drawing.

I ask the kindergarten class what they have learned at school so far. Most of the students said that they have learned how to follow directions, those students include Ashley Gilbert, Cody Guerin, Christy Herd, Le Anna Jones, Chuck Putman, Danielle Williams, Nancy DeWitt and Tiffany Nalley. Timothy Burkhart is learning how to spell. Jessi Adams, Jerry Maggard, Robert Guerin and Tony Rains said they are learning

how to color. Amy Walker and Keith Williams said they are learning how to draw lines.

I also asked the students what they like to do when they go home from school. Ashley Gilbert likes to go home and work with his dad. Cody Guerin likes to play with his new sister. Christy Herd, Le Anna Jones, Tony Rains, Keith Williams, Nancy DeWitt and Jessi Adams like to go home and play with their brothers and sisters. Chuck Putman likes to go home and see his mom and dad. Danielle Williams and Amy Walker like to watch T.V. Timothy Burkhart, Jerry Maggard, Tiffany Nalley, and Robert Guerin like to go home and eat.

KINDERGARTEN NEWS

The 1986-87 school year is off to a fast start in Kindergarten. We have 15 eager, bright-eyed boys and girls.

A major item of interest is our new computer which was purchased for our classroom. The children eagerly await "their" turn using it to help learn the ABC's, and later, numbers and other uses.

We have plans to send home a monthly newsletter this year to keep our parents up to date on the happenings in our class.

SPANISH CLUB NEWS
by Darrelene Smallwood

Monday our Spanish Club held a meeting second hour and elected new officers. Michele was elected President, Julie Mitchell got Vice-President, Darrelene Smallwood was elected Secretary, and Jessi Miller got Treasurer. The Spanish Club members so far are Amanda Soloman, Teri Osborn, Gail Cramer, Sheryl Cornog, Mark Smith, Darrelene Smallwood, Michele Hampton, Jessi Miller, Julie Mitchell, Karen Walker, Caroline Mitchell, Kim Finney, Jennifer Stevens, Amy Grove, Theresa Cummings, Samantha Weter, Molly Hurd, Traci Melton, Becky Peak, Janelle Jones, and Sheila Gardner. We would also like to invite anyone who has had a Spanish class in the past to join our club. Please sign up before the end of the month.

ART NEWS

The art classes are off to a great start-lots of enthusiasm and positive attitudes among the students.

The two Art I classes are working on a design project using their initials-these will be hanging up in the art room and are very decorative-we hope all students, faculty and staff will come admire our hard work and creative ideas.

The advanced art class is designing their own alphabet (in water-color and ink). When these are finished they will be on display in the art room.

We have a fantastic art specialties class-they are working on a calender which will be the best one yet! We will have these finished and for sale (50¢) soon. If anyone has ideas for the carnival stage and theme-this is the class to talk to.

The Junior High classes are making wanted posters, they all are wanted for something positive when they finish putting their faces on these posters, they will be displayed in the cafeteria.

BEST & WORST HAPPENINGS OF SUMMER
by Traci Melton

After you've gone to school for 176 days, Summer Vacation seems like the best thing that could happen to you. You can finally go fishing, get a tan, go swimming, watch your favorite soap operas and forget all about studying. But summer has it's good and bad sides and here are some of the C.H.S. students good and also bad experiences they had over the summer.

Janelle Jones and Rick Maggard both agreed that getting out of school was the best thing about summer, and the worst thing was going back. David Walker said going to car shows with Maurice was the best thing about his summer. Becky Peak's best happening of the summer was losing 12 pounds, but she didn't like losing to Ozark and Sparta softball teams this summer.

Boyce Smallwood must have had a pretty bad summer. Because his best and worst experience was going to jail!

Vicky Stence's also went on vacation but her reply was just the opposite of Molly's. Her best experience was going to California and Las Vegas, her worst was coming back. Samantha Weter and Theresa Cummings experiences were car trouble. Theresa said her car died on the Branson Strip, and she had to get out and start it with a wrench. While Samantha's worst experience was getting her truck stuck under Garrison Bridge, her best was getting her truck out from under Garrison Bridge.

Ms. Sniders' best experience was floating the North Fork (18 miles in one day!). Ms. Snider was lucky. She said she had no bad experiences this summer.

Mark Smith must have had a pretty bad summer. His worst experience was, he went canoeing and the water wasn't deep enough. To add to that, it was dark and he had to hitch a ride back to the truck. Once he did get to the truck it was broke down! (that was a bad experience!) Hope your summer was memorable!

The FBLA/FHA advisors, Mrs. Andrea Smith and Mrs. Anita Werner are in the process of forming the club for the second year.

The membership drive was September 3-10. Anyone that is or was in any Home-Ec or Business classes are eligible to join.

Those wanting to be officers signed up and were voted on September 12.

The following are the 1986-87 FBLA/FHA officers. President Michelle Hampton, Vice-President Darrelene Smallwood, Secretary Lori Applegate, Treasurer Sheila Gardner, Reporter Theresa Cummings, Historian Vickie Stence, Parliamentarian Rhonda Ridenour.

NEW TEACHERS AT CHS By Carlene Kinyon

Jo Rickman teaches math. This is her first year to teach school. She says she really likes Chadwick, especially the small classes. She likes to read, swim, ride horses and play softball and basketball.

Linda Pawlowski teaches third grade. Mrs. Pawlowski said she likes the students at Chadwick. She previously taught for three years in Colorado and two years in Northern Missouri. Her Hobbies include antiques and crafts.

Truman Medders is the counselor at CHS. He has taught school for 28 years. Mr. Medders likes Chadwick. He likes the smallness of the classes and the atmosphere. His hobbies include playing golf listening to music, riding motorcycles, and watching sports.

Anita R. Detherow teaches music. This is her first year of teaching. She likes Chadwick because it is small and easier to get to know everyone. She likes singing, dancing, playing the piano, and all sports.

Mr. Remenar is the science teacher at CHS. Mr. Remenar is married and has three children and one on the way. He likes the location of Chadwick and the people here at CHS. His hobbies include hiking.

As we all know we have quite a few new students this 1986-87 school year in Elementary and High School. In grades 1-6 are the following first grade Michelle Majors, second grade Travis Morrison, Adam Reynolds, and Chad Sallee, fourth grade Jerry Majors, fifth grade Twaila Thompson and Tony Moore, sixth grade Derrick Reynolds, Keith Thomas, Tonya Lindsey and Donnie McFarland, after asking, what the best part of school was here are the responses. Michelle Majors likes the class work, Tony Moore, Twaila Thompson, Donnie McFarland, Derrick Reynolds, Jerry Majors and Tonya Lindsey thought that P.E. and recess was the best part of school while Keith Thomas likes everything about school. We also asked the second graders what they thought of school. Adam Reynolds, Chad Sallee, and Travis Morrison said they like school.

The students in grades 7-12 include seventh grade Betsy Archer, when she was asked how she liked Chadwick School she replied "it'll do" but she really misses the outrageous people at her old school, also Shannon Lindsey thinks that Chadwick is a alright school. Eighth grade Frank Layson doesn't like a thing about school, but still he misses all the people at his old school while Tammy McFarland would like school better if she didn't have to go to the same one as her brother and sister. Freshman includes Jason Hornbeck who seems to like school. Sophomores Anita Maggard says that Chadwicks a real nice school and that she likes it quite a bit, Matt Maggard likes Chadwick better than his old school and Vickie Stence said that school was all right and that the people here seem to be nice. Junior Crystal McFarland says the teachers are wonderful and that some of the students are nice but there are others that make her feel uncomfortable. Seniors Kim Layson thinks that schools alright and Rick Shipman just doesn't know what to think about school more like (he'd rather not think about it!)

VOLLEYBALL
by Laura Coffey

The Lady Cardinals are improving more and more every year. We will have Varsity and Junior Varsity teams this year.

Both teams have been working hard, trying to get physically and mentally fit for this season. This year the teams will have a good chance of gaining some ground. The teams could be tough to beat this year if they continue to work hard and want to win.

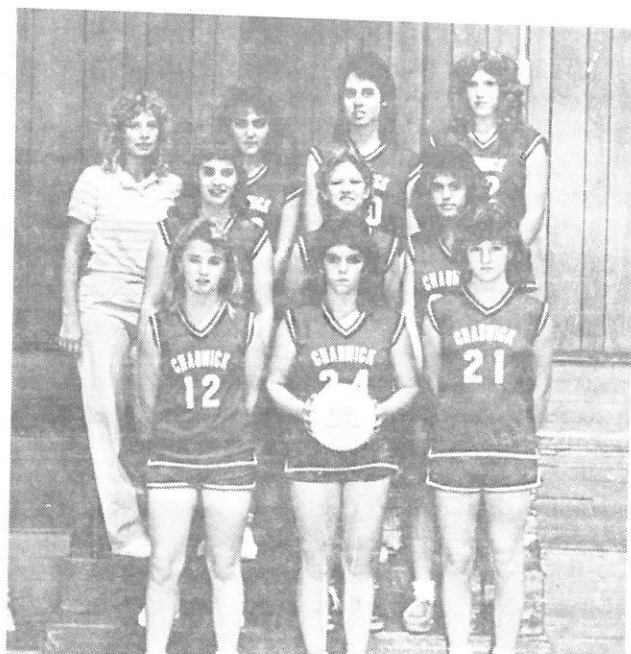

We hope that the students will come to the games and support the Lady Cardinals.

The schedule for the season is as follows:

<u>Date</u>	<u>School</u>	<u>Place</u>
9/11	Sparta	T
9/13	Norwood Tourney	Mansfield
9/15	Spokane	H
9/16	Verona	H
9/18	Bradleyville	H
9/23	Norwood	H
9/26	Niangua	T
9/30	Sparta	H
10/3	Verona	T
10/7	Niangua	H
10/9	Norwood	H
10/14	Fordland	T
10/17	Bradleyville	T
10/20	Spokane	T
10/21	Fordland	H

All games are scheduled to begin at 6:30 p.m.

Good luck girls and lets have a winning season!

CHS CHEERLEADERS
By Karen Walker

The 1986-87 CHS cheerleaders include Gail Cramer, Kim Finney, Sherry Herd, Molly Hurd, Jessie Miller, Darrelene Smallwood, Jennifer Stevens, and Stacy Vaught. The girls got together over summer vacation and ordered new uniforms and they also practiced their cheers over the summer and feel like they are progressing very well. They held a car wash in August at walmart and held a bake sale the first week of September to help pay for their shoes and emblems. The girls seem to be excited about cheering and ready to show their spirit!

The following quote was taken from an editorial in the Springfield Leader & Press.

"We're delighted to see cheer-leading commanding the proper role it has long deserved-as an athletic event in its own right, rather than an activity subordinate to other sporting events. We commend all cheerleaders and their coaches for without their dedicated and rigorous efforts our high school and college games would be stripped of much of their excitement and luster."

Cheerleaders, we appreciate you!

BACK TO SCHOOL NIGHT

By Janelle Jones

Since the students at CHS are all going back to school, we thought it would be fair that the parents go back to school too. So that's why there was "Back to School Night" Friday, September 19th at 7 PM.

The goal of this night was to get more parents involved with all school activities, and to familiarize the parents with what their child or children are really doing at school everyday.

At 7 PM Mr. Mease held a meeting in the gym to explain what everyone would be doing that evening. A bell rang and the parents used their child's schedule to go to the first class listed on the schedule.

For the high school there was a 10 minute separate class for all seven periods of the day just like on a regular school day. There was two minute breaks between each class. Teachers explained goals for each class and expectations of what each student would be doing in that class.

Sessions for the elementary were 20-25 minutes in length and one session for each basic course.

BUSINESS SPECIALTIES

By Traci Melton

This year the Business Specialties class is made up of Laura Coffey, Michael Coffey, Sheila Gardner, Lori Applegate, Janelle Jones, Carlene Kinyon, Carla Maggard, Traci Melton, Dawn Walker, Karen Walker, and Advisor Andrea Smith.

The Business Specialties class went to local businesses August 26 to sell yearbook ads. The class also prepared letters to be mailed to businesses that were not visited August 26. Approximately \$1000 worth of ads have been sold.

The newspaper staff is planning to have a monthly newspaper this year.

The yearbook staff will attend a seminar on October 2 to get new ideas for the 1986-87 yearbook.

SUMMER JOBS OF 1986

By Michael Coffey

In May when school was let out people were talking about what they were going to do with their free time. Some of the students said that they were going swimming, fishing, hunting, and going on vacation. Some CHS students had different plans. They decided to get a job and earn some money. We talked to some of these summer workers and asked them some questions and below are some of the responses.

Justin Stewart and Boyce Smallwood both said that they both hauled hay this summer and spent their money on the weekends. Mike Massey who claims to have roofed a house and spent his money at the fair. He must of had help. Rhonda Ridenour had a real job, BABYSITTING. When I asked her what she spent her money on, Straight off she said for the weekends. Kim Layson over the summer worked at HY-VEE Food Liner. I asked her what she spent her money on, and she said for the weekends. Lee Johnson along with Brad Rozell both hauled hay this summer. Lee got a car when Brad got a truck. Stay off the sidewalks. Finally there is Mike Kinyon who did carpentry and decided to get a car. Wonder how long it will last.

Seventh Grade Response to Jr. High
by Janelle Jones

We have a whole new seventh grade class joining the Jr. High routine this year. Since this is a big change for them we asked them how they felt about Jr. High in comparison to grade school. We got a lot of good responses.

Shannon Lindsey, Lisa Johnson, Lance Jones, and Kevin Maggard all had about the same opinion. They all said that they really like Jr. High better because they get to change classes and don't have to stay in one room all day. Lisa and Lance also like English and Math the best, and Shannon and Kevin both like Science.

It seems a lot of people have about the same opinion since Michael Dickey, Patricia Cummings, Tina Nalley, Michelle Maggard, Amy Whitley, and Tonya Tennison all agreed that Jr. High is much better than grade school because they don't have just one teacher all day long, instead, they have a variety of teachers to aggravate. Tonya likes Math, Tina likes History, English, and Math. Michelle really likes English, and Amy likes History, and Math, but Patricia just doesn't care for any of them and would rather stay at home!

Dawny Shipman had an original response. She just likes Jr. High better because she gets to chew gum in class.

Missy DeWitt and Kathy Applegate like Jr. High better because it's a lot funner and it's "easy work." Kathy likes Math and English the best while Missy likes English over the other classes because it's neat and funny and she really likes the teacher a lot!

Bradley Walker didn't have much to say, he just got right to the point. He said he just didn't like grade school and he thought Jr. High was much better, but he did add that Special Ed. was his favorite class.

Stephanie Weter, Betsy Archer, and Julie Coffey all told me that the reason they liked Jr. High was because you get to roam the halls

more and they liked Math and English. English was also Betsy's first choice.

I think Mickey Walker had one of the most interesting answers. He said he thinks Jr. High is great because he really likes English and because he loves whistling at all of the high school girls!

SUMMER '86
By Dawn Walker

Another exciting summer has come to an end and we have started a new year. Some students will miss the hot summer days at the creek, sleeping late, and watching "soaps" all day. Maybe some even had a summer romance, one they will treasure forever. Other students, although, might have had a boring summer and are glad to be back to school, seeing all their old friends and meeting new ones. Here are a few students that gave us their response about how their exciting "Summer '86" was spent.

Lori Applegate found the guy of her dreams this summer, and this is her explanation, "One beautiful evening as she was walking along the fairgrounds, she met this wonderfully handsome guy--it was love at first sight. As they sat on top of the Octopus (Stuck on the ride) they watched the sun go down. Now, isn't that romantic! Shannon Workman said that he and Troy Hull and a bunch of girls went to the creek about Midnight to go swimming. While Shannon and Troy were swimming the people that were with them took their clothes and hid them. Who knows if they ever found their clothes Brandon Stevens bought him a truck, something every 16 year old wants! Mike Mills had the chance of a lifetime, he got to shoot a Cougar Magnum (ask him what that is?) Carla Maggard said that the most exciting thing that happened to her last summer was visiting Mountain View where she recently moved from.

"Summer '86" is over, but the good times will always be remembered. Let's look forward to a new year, "Summer '87" may be even better!

Don't gamble years of your life to save a few seconds!

**** Ten little drivers***

TEN LITTLE DRIVERS

10 Little Drivers, cruising down the line; one had a heavy foot, and then there were nine. Speed limits are set for your safety.

9 Little Drivers, the hour was getting late; one dozed a moment, and then there were 8.

A tired driver is a dangerous one.

8 Little Drivers, the evening seemed like heaven; one showed his driving skill, and then there were seven.

Drive sensibly and sanely at all times. A car is no place for a clown.

7 Little Drivers, their lives were full of kicks; one bought a bottle, and then there were six. Gasoline and alcohol are a deadly mix. Don't drink and drive.

6 Little Drivers, impatient to arrive; one jumped a traffic light, and then there were five. Don't gamble years of your life to save a few seconds.

5 Little Drivers, wheeling near the lake shore; one viewed the scenery, and then there were four. Careful driving demands alertness at all times.

4 Little Drivers, happy as could be; one passed on a hill, and then there were three. Never pass another car when your vision is obscured.

3 Little Drivers, busy it is true; one neglected car repairs, and then there were two. For safety's sake, keep your car in top condition.

2 Little Drivers and the day was nearly done; one didn't dim his lights, and then there was one.

Slow down for dusk or darkness; adjust your driving to existing conditions.

1 Little Driver, who did what he should; he lived a long life, happy and good.

Slow down; follow these rules. Safety is no accident.

GET WELL SOON BOB!

By Dawn Walker & Carlene Kinyon

Bob Rains has been the custodian at CHS for 3 years. Recently he was put into the hospital and had triple by-pass surgery. The surgery went well, and on September 3 he was released from the hospital, and is now home recovering. We would like to let Bob know that the faculty and students here at CHS miss him and we hope to have him back as soon as possible! We also wish Bob a quick and healthy recovery!
