# hitting the ground **running...**

**F**rom sports to clubs to the classroom, Chadwick School started the year off in full swing! Students got to work in the classroom, completing a variety of activities. Mr. Mitchell's 8th grade history class constructed a teepee while learning about Native American cultures. Mr. Walker's English class re-enacted scenes from Of Mice and Men. Mr. Bork, Mrs. Griffin, and Mrs. Gideon got students involved with science experiments ranging from soda eruptions to creating model backbones.

Students were just as busy with clubs. The choir sang the National Anthem at a Springfield Cardinals game; the FCA kicked off the year with character- and team-building activities, including rock climbing, a Springfield Cardinals game, a pizza party, and See You at the Pole; and Chadwick's FFA kicked off the year with softball and watermelon.

Many students also participated in fall sports, including baseball, cross country, and junior high basketball. Hailey Stevens said, "Basketball prac-

tices were hard, but they were worth it." The hard work paid off as they averaged over 50 points a game, while their opponents averaged just 13, and finished 13-1. The boys team showed a huge improvement. Cory Taylor said, "We worked hard in practice to prove we're not the same team that went 0-14 last year." They wrapped up with a record of 7-7.

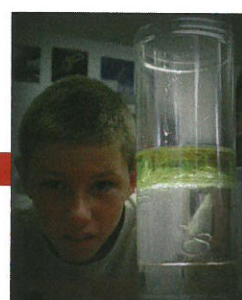

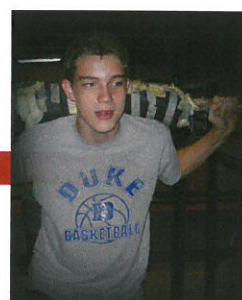

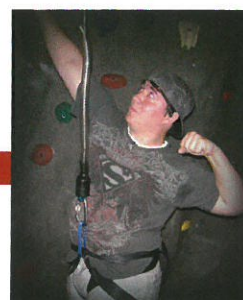

The fall baseball team had a rough season, finishing 1-6, playing only away games because of a waterlogged field. Thomas Braden said, "As a senior I would have still liked to have had a few home games."

The cross country team, on the other hand, performed quite well. Lone Lady Card runner Jamie Hale said, "Cross country is definitely a sport for people who are mentally tough."

# MEETING 2010 HEAD ON

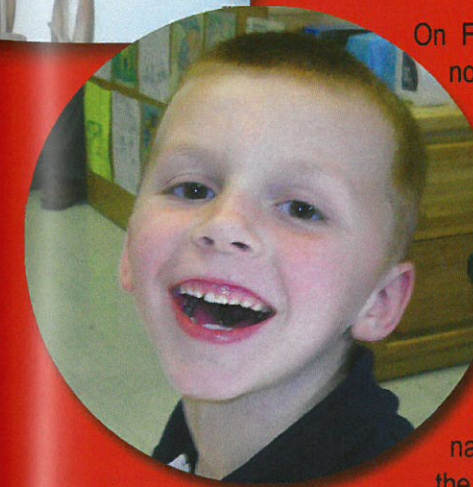

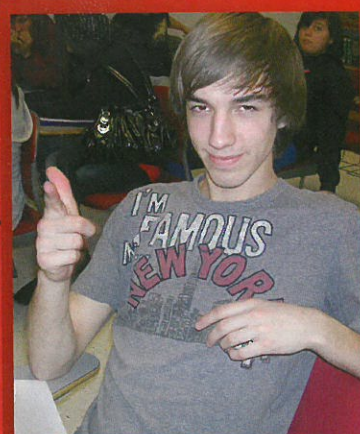

School was dismissed January 4-8 due to subzero temperatures and snow. The typical Chadwick elementary student used the time for play: both outside in the snow and inside with video games, stuffed animals, and other toys. Some high school students were productive—cutting wood, working on trucks, or reading—but most admitted to using the majority of time for recreation. "I finished a book on the history of the NBA, and I took my brothers sledding," said senior Blake Johnson.

On Friday, January 22, award-winning author and poet Mrs. Judy Young visited Chadwick School to speak to students about writing. She explained to students what it's like to be a professional author and how she works with illustrators and publishers to finish a book. "I'm hoping it helps them with their writing," she said, "Whether they become authors or not isn't important." Fourth-grader Trenton Massey said, "My favorite part was when she told us how she writes and writes and rewrites."

On May 14, Winter's Bone premiered at MSU in Springfield. The movie, filmed near Forsyth, tells the story of a teen girl searching for her drug abusing father. Second grader Ashlee Thompson was cast in the film as sister of the main character. She said acting had taught her "that there was a lot of stuff to do and a lot of places to be". She said it was nice to get a break from school to be in a movie, but it was just as much work. She hopes to continue acting.

On Friday, January 15, Chadwick High School was nominated for the Blue Ribbon Award, a distinction Washington Post referred to as "the highest honor the U.S. Education Department can bestow upon a school." Chadwick is one of six schools in Missouri nominated for this award. Co-superintendents Drs. Bill and Tanna Wheeler said they are proud of the students' academic achievements and gave much of the credit to the teachers. Only 314 public and private schools in the nation will receive the Blue Ribbon Award, but the administration is optimistic.

*Thomas,  
We have watched you grow up and change from a  
shy, quiet child to an intelligent, kind-hearted  
young man with a great sense of humor. You have  
all the qualities you need to go a long way in life.  
Having you for a son has been the greatest gift  
your father and I could ever have had. We are so  
proud of you and we can't wait to see what  
amazing things you do with your life.  
Love,  
Mom & Dad*
